Troubleshooting:

- If a title will not download, make sure you are connected to the internet and that the internet connection is working.
- If you receive a error message that says, "*Yikes! Something is wrong with your library card or PIN...*":
 - Your library card or library may be entered incorrectly in Hoopla. In Hoopla, go to **Settings** then **Library Settings**. Re-enter your library card number and registered library and select **Save Library Settings**. Close Hoopla completely and reopen it. If you still get an error message, there may be a mismatch between your registered library in Hoopla and in our system. Contact the library.
 - Your library card may have a block on it. Please contact the library to resolve this.
