

# Going Green at Your Library: Have you seen our Green Roof?

A feature of the Community Library of DeWitt & Jamesville is the green roof.

This roof garden from Carlisle Syntec is designed to absorb stormwater and lower heating and cooling costs. The green roof is designed to be low maintenance, improve air quality, and filter outside noise.

Our roof garden is populated by: Chives, Angelina Stonecrop, & Aizoon Stonecrop.

For more about green roofs, go to:
