

Kanopy is a video streaming service that provides instant access to hundreds of critically acclaimed movies, documentaries and kids' favorites. You can stream Kanopy on any of your favorite devices! Kanopy is accessible via mobile and tablet apps for iPhone and Android. You can also access Kanopy on your desktop, and SmartTV apps like Roku, Apple TV, and Fire Stick.

## Creating a Kanopy Account

Open a web browser and visit [onlib.kanopy.com](http://onlib.kanopy.com). Select "Add Library Card" on the lower left. Then, enter your library card credentials and create an account using your preferred email. Make sure to verify your email address. Then, you can begin streaming titles right away!

Once you've created your account, you can also download the Kanopy app from your device's app store on compatible smartphones, tablets, and streaming devices. Choose the option to Log In and enter the account information you created. **(Note: You cannot create a Kanopy account through the app. You must create your account through [onlib.kanopy.com](http://onlib.kanopy.com) first and then log in to the app with those credentials.)**

## Watching Titles

The Kanopy homepage will show you popular and featured titles. Select Browse to look through categories like documentaries, award winners, TV series, and more. You can also search for a title by selecting Search.

Tap or click Kids to enter Kids Mode and view titles tailored to children.

To watch a title, click or tap on it and select the Play button.

Kanopy is an on-demand streaming video platform that requires an internet connection. Videos cannot be downloaded. Currently, there are no borrow limits.
