Libby

For Smartphones, Tablets, & eReaders with apps

Borrow ebooks, audiobooks, magazines, and more from the Community Library of DeWitt & Jamesville—anywhere, anytime from your tablets, computers, smartphones, ereaders, and more! All you need is a library card. You can borrow up to 10 digital titles at a time. Titles return automatically so there are no overdue fines.

Step 1: Create a Libby Account

- Go to your device's app store and download the app on your smartphone, tablet, or eReader (Available for iOS 10+ and Android 5.0+).

- Open the app. It will take you through a series of steps to create a Libby account. First, it will ask if you have a library card. Tap **Yes**. Next, Tap **I'll Search for a Library**. Search for Community Library of DeWitt & Jamesville and select it. Type in your **library card number** and **PIN** to create an account (Call or visit the library if you need a PIN).

Step 2: Borrow a Title

Tap **Library** (building icon) towards the bottom left of the app to browse titles by category. You can also search for a title or author by tapping the magnifying glass in the bottom left. If an item is available it will say **Borrow** next to it. Tap Borrow and confirm your choice to borrow the title. If an item is not currently available it will say **Place Hold**. Tapping Place Hold will put you in line to receive the title. You may also read or listen to a sample by tapping **Read Sample**.
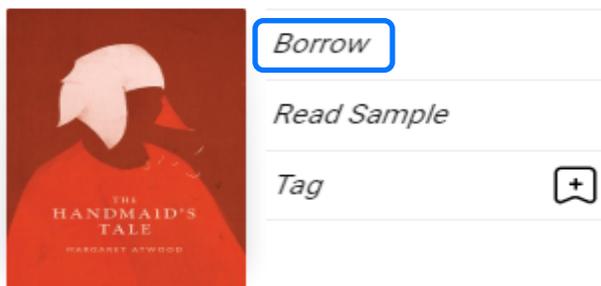

This symbol indicates the item is an audiobook. No symbol indicates a regular ebook.

This symbol indicates you can "Skip the line." These are special copies with no wait list but they are not renewable and may have a shorter loan period.

Step 3: Managing Loans and Holds

Once you borrow an item it will be available to read or listen to right away on your device (See the next page to learn the reading/listening interface). To access your borrowed items again tap **Shelf** (stack of books icon) towards the bottom right corner of the screen:

- Your borrowed books are under the **Loans** tag. To renew or return an item early tap **Manage Loan** next to the title.
- Items you've put on hold are under the **Holds** tag. You will get a notification through the app when the hold is ready to borrow. You have 3 days from when the hold becomes available to decide to borrow the title, delay delivery for a period of time, or cancel the hold. To suspend or cancel a hold tap **Manage Hold** next to the title.

A bank robbery. A hostage drama. A stairwell full of police officers on their way to storm an apartment. It was easy to get to this point, much easier than you might think. All it took was one single really bad idea.

This story is about a lot of things, but mostly about idiots. So it needs saying from the outset that it's always very easy to declare that other people are idiots, but only if you forget how idiotic it is to be human is. Especially if other people you're
