Using OverDrive for MP3 Players
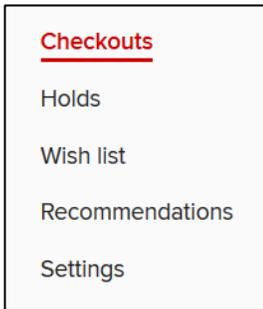

BORROWING INFORMATION
Borrow ebooks, audiobooks, magazines, and more from the DeWitt Community Library - anywhere, anytime for your tablets, computers, smartphones, ereaders, MP3 players and more! All you need is a library card. You can borrow up to 10 digital titles (ebooks & audiobooks) and 10 magazines at a time. Titles return automatically so there are no overdue fines. Set your borrowing time on your **My Account > Settings page**.

To **renew** an item: visit your online **Checkouts page** 3 days before your book is due to see if you can renew it.

You can do a lot from the **My Account** page. From the main page, you can find the My Account page in the upper right.
The account menu on the left of the screen on that page has many important features. From there, you can see all the items you have checked out, manage your holds, look at your wish list, find items you have recommended to the library and to change your settings.
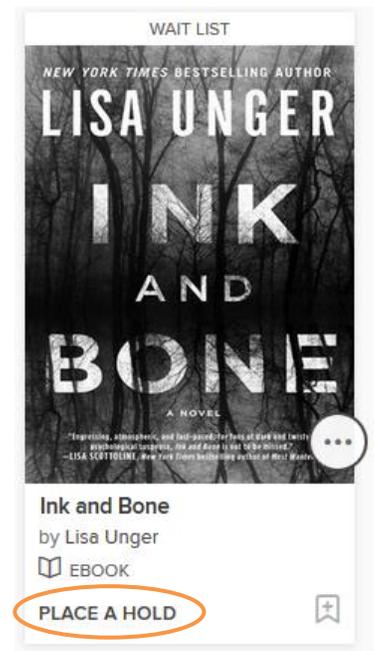

PLACING A HOLD
Click or tap the **Place a hold** button under a title (or on its details page).
Enter and confirm your email address. Then, select **Place a hold**.
When the title is available, it will be automatically checked out to you.
You'll receive an email notification letting you know that it's waiting for you on your **Checkouts page**.

GET MORE HELP
Do you have a question? Search the OverDrive Help page for answers to common questions on all devices: http://help.overdrive.com/

If you need more assistance, Call the DeWitt Community Library and we would be glad to help!

Using OverDrive for MP3 Players

Community Library
of DeWitt & Jamesville

SETUP

Step 1: DOWNLOAD OVERDRIVE DESKTOP APP
Install OverDrive's desktop app for:
Windows (http://tinyurl.com/overdrive-windows)
Mac (http://tinyurl.com/overdrive-mac)
You will need this free application to download audiobooks to your
computer and transfer them to your MP3 player.

BORROWING TITLES

Step 2: BROWSE OR SEARCH FOR A TITLE
Go to OCPL's OverDrive website: https://onondaga.overdrive.com/
to start browsing. Browse or search for a title or author, or by your
favorite genre. You will need to check out an AUDIOBOOK to use it on
your MP3 player.

Step 3: BORROW THE TITLE
Click Borrow under the format information. You will sign in to the
OCPL OverDrive website with your library card number and PIN.

Step 4: ADD THE TITLE TO THE OVERDRIVE DESKTOP APP
Once you've borrowed a title, go to the **My Account** > **Checkouts page**
to see all of your options for the title.
From there, use the **Download** button to download the audiobook.
It should open automatically in OverDrive's desktop app and prompt
you to download its parts.

look for this symbol
for **My Account**

Step 5: TRANSFER THE TITLE FROM OVERDRIVE TO YOUR MP3 PLAYER
Plug your MP3 player into your computer. Once the audiobook finishes downloading, click it, then click
Transfer. Follow the on-screen prompts to transfer the audiobook to your MP3 player.

Once the audiobook is transferred, you can listen to it just like any other audio file on your MP3 player

For Windows users:
If OverDrive's desktop app for Windows crashes when you try to download an audiobook, reboot your
computer and try to download it again. If you're still having trouble, try upgrading Windows Media Player to
the latest version, or, if you're using the latest version, uninstall and reinstall it.
